1142 W 24th Street APT 2
Los Angeles, CA 90007

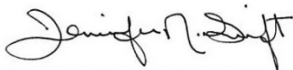

Dear Matthew,

Thank you very much for your submission to the 2025 USC EIP Student of the Year competition. Your abstract, "StreetviewLLM: Extracting Geographic Information Using a Chain-of-Thought Multimodal Large Language Model," was chosen as the winner of the competition by the USC EIP Faculty Evaluation Committee. Congratulations! The EIP Student of the Year Award includes an Esri Press book, a certificate of recognition which will be presented to you during the May 2025 USC Spatial Sciences Institute graduation celebration, your name inscribed on a nameplate on a perpetual plaque displayed in the Spatial Sciences Institute, and a cash prize of \$500.

Also, your project will be entered in the International EIP Student of the Year competition by the Esri Education Team. This competition is open to all Esri EIPs, and the international winner chosen by Esri receives travel funds to attend an award ceremony at the Esri Education Summit and the Esri User Conference held in San Diego, California, in July each year. Please inform us if you plan to attend the annual Esri User Conference this year.

If you have any questions, please don't hesitate to ask.

Sincerely,

Jennifer Swift
Associate Professor (Teaching)

Dr. John P. Wilson
Professor and Founding Director
Spatial Sciences Institute
